Doug Brown and Michelle DuVall have earned a reputation for playing some of today's most swinging and refined jazz. Whether performing as a duo, leading their "rock solid quintet" (Isthmus 2003), or letting loose with "Get Down, Mr. Cat!" an eight piece tour de force that "knows how to swing, as anyone who caught their eye-popping appearance at August's Jazz at Five series can attest" (Isthmus 2002), Michelle and Doug bring fresh new energy and unbridled joy to the timeless classics of thirties and forties jazz!
